Minimal design è una giovane e dinamica azienda nata dalla passione per l'eleganza e da una consolidata esperienza tecnica. Qualità, puntualità e attenzione ai dettagli caratterizzano il team di professionisti. Una continua ricerca nel settore, permette alla società di proporre sul mercato i migliori prodotti made in Italy: infissi di tutte le tipologie e materiali, facciate continue, porte interne, porte rei in legno e metallo, porte per garage, ascensori, monoblocchi per infissi e tanto altro ancora. Lo showroom di Minimaldesign è un luogo di idee e progetti dove soddisfare gusti, stili ed aspettative differenti. Attenta ai bisogni di ogni cliente, l'azienda, si dedica ogni giorno al supporto e alla consulenza per la progettazione e la realizzazione di sistemi e soluzioni affidabili. Un ufficio costituito da uno staff di esperti e professionisti assiste progettisti, contractor e architetti, offrendo un servizio puntuale e specializzato. Numerosi anni di esperienza come tecnici commerciali rendono la squadra di Minimaldesign un riferimento in ogni fase progettuale. I tecnici di Minimaldesign accompagnano gli operatori del settore edile, le imprese di costruzione e i privati in tutte le fasi del lavoro. Un supporto consulenziale a 360° : dalla progettazione alla pianificazione, dalla posa in opera alla manutenzione.

Minimal design is a young and dynamic company born from passion for elegance and consolidated technical experience. Quality, punctuality and attention to detail characterize the team of professionals. Continuous research in the sector allows the company to offer the best made in Italy products on the market: fixtures of all types and materials, curtain walls, internal doors, wooden and metal doors, garage elevators, monoblocs for fixtures and so much more. Minimaldesign showroom is a place of ideas and projects where different tastes, styles and expectations are satisfied. Attentive to the needs of each customer, the company dedicates itself every day to support and consultancy for the design and creation of reliable systems and solutions. An office made up of a staff of experts and professional designers, contractors and architects, offering a punctual and specialized service. Numerous years of experience as commercial technicians make the Minimaldesign team a reference in every design phase. Minimaldesign technicians accompany operators in the construction sector, companies and private individuals in all phases of 360° consultancy support: from design to planning, installation to maintenance.
