DECRETO-LEGGE PER IL PAGAMENTO DEI DEBITI PREGRESSI DELLA PUBBLICA AMMINISTRAZIONE

Monitoraggio degli adempimenti da parte delle Pubbliche Amministrazioni

Il decreto-legge 8 aprile 2013, n.35, pubblicato sulla Gazzetta Ufficiale n. 82 dell'8 aprile 2013, che contiene le misure per il pagamento dei debiti pregressi della Pubblica Amministrazione italiana, prevede numerosi adempimenti da parte delle Pubbliche Amministrazioni di cui l'Ance ha deciso di effettuare un costante monitoraggio per verificare l'effettiva attuazione del provvedimento.

Richieste di allentamento del Patto di stabilità interno

Il 30 aprile 2013 è scaduto il termine per la presentazione delle richieste di **allentamento del Patto di stabilità interno** da parte degli enti locali, con la precisa indicazione dell'ammontare totale dei ritardati pagamenti per lavori pubblici maturati a fine 2012¹.

Alla scadenza, secondo i dati diffusi dall'Upi, le **Province** hanno presentato **richieste di allentamento del Patto di stabilità interno per circa 1,2 miliardi di euro**, di cui 719 milioni di euro per fatture da pagare e 479 milioni di euro per fatture già pagate nel 2013.

Elaborazione Ance su dati monitoraggio UPI

¹ La scadenza è stata di fatto prorogata al 6 maggio per superare alcune problematiche tecniche.

A fine 2012, le Province hanno inoltre dichiarato di avere 1,22 miliardi di debiti di parte capitale. Inoltre, secondo i dati diffusi dall'Upi, i debiti delle Province per **lavori pubblici** ammontano a circa 950 milioni di euro rappresentano quindi il **78% dei debiti di parte capitale.**

Per quanto riguarda i **Comuni**, alla luce della necessità di verificare una grande quantità di dati (sono circa 5.800 i comuni che potevano avanzare richiesta), la Ragioneria dello Stato ha indicato che il dato totale delle richieste di allentamento del Patto di stabilità interno verrà diffuso nella giornata di mercoledì 8 maggio 2013.

Iscrizioni alla piattaforma telematica

Per quanto riguarda l'**obbligo, per le Pubbliche Amministrazioni, di registrarsi alla piattaforma telematica di certificazione dei crediti della Pubblica Amministrazione**, la situazione alla data del 7 maggio 2013², una settimana dopo la scadenza del termine previsto dal DL pagamenti (29 aprile 2013), è la seguente. Le Amministrazioni che hanno completato la procedura di registrazione sulla piattaforma telematica sono:

- 15 Regioni e Province Autonome su 21 (erano 12 il 30 aprile 2013);
- 71 Province su 107 (erano 68);
- circa 4.100 Comuni su 8.092 (erano circa 3.800) e 50 Unioni di Comuni (erano 46);
- circa 870 Amministrazioni della Presidenza del Consiglio dei Ministri e dei Ministeri di cui 4 degli 11 Provveditorati alle Opere Pubbliche (erano circa 800, di cui 4 Provveditorati);
- 2 Agenzie Fiscali (numero invariato rispetto al 30 aprile 2013);
- 75 Aziende Sanitarie Locali e 2 agenzia regionale di sanità (erano rispettivamente 72 e 1);
- 33 Comunità Montane (erano 32);
- 17 Università (numero invariato);
- 2 Consorzi tra amministrazioni locali (numero invariato).

Solo per queste amministrazioni, le imprese possono chiedere, tramite piattaforma telematica, una certificazione del credito ai sensi dell'articolo 9 del decreto-legge 185/2008.

A una settimana dalla scadenza del termine perentorio (!) per la registrazione, permane quindi la situazione di mancata registrazione di molte amministrazioni e numerose imprese si trovano ancora oggi nell'impossibilità di chiedere la certificazione dei crediti, il cui rilascio è stato reso obbligatorio con la Legge di stabilità per il 2012, entrata in vigore 16 mesi fa.

L'avanzamento delle registrazioni alla piattaforma è stato molto lento nel corso dell'ultima settimana. Se non verrà accelerato il ritmo delle registrazioni, considerando il ritmo registrato nell'ultima settimana, **saranno necessario ancora 13 settimane -circa 3 mesi- per completare le registrazioni.**

7 maggio 2013

² Verifica effettuata alle ore 14.00 del giorno 7 maggio 2013.
