

List of projects calling for investment in Tien Giang province in Vietnam

No.	Name of project	Page No.
1	Thermo-power plant (coal or gas)	1
2	Development of infrastructure facilities of Tan Phuoc 2 Industrial Park	3
3	Thermo-power plant (using rice husk material)	5
4	Building infrastructure facilities of An Thanh 2 industrial cluster	7
5	The infrastructure of industrial Long Trung cluster	10
6	Building infrastructure facilities of Binh Ninh industrial cluster	13
7	Soai Rap Port and industrial cluster	16
8	Gia Thuan Port and industrial cluster	18
9	Urban area in ward 10, My Tho city	20
10	Residential area alongside Tien river in My Tho city	22
11	Housing for low-income people in My Tho city	24
12	House for experts and apartment building for workers	26
13	Infrastructures of the resettlement area in Bac Go Cong Industrial Park	28
14	Residential area in the north of Hung Vuong street	30
15	New urban area	32
16	Dong Thap Muoi ecotourism Quarter	34
17	Hang Duong ecotourism quarter	37
18	Water sport quarter	41
19	Con Ngang eco-tourism area	43
20	The urban commercial service quarter in Vinh Kim town	45
21	Tan Phuoc cemetery park	48
22	The cemetery park in Bac Go Cong area	50
23	Pig breeding farm	52
24	Pig breeding farm	54
25	Pig breeding farm	56
26	Kenh Nang Road (To Dong Nam Tan Phuoc industrial zone)	58
27	Road to the east economy area	61
28	Upgrading and expanding provincial road 876 (section from national road 1A to Vinh Kim bridge)	64
29	Hospital in service area for the east industrial park	67
30	High quality elementary-kindergarten school	71
31	Urban household wastewater collection and treatment	74

	in My Tho town	
32	Urban household wastewater collection and treatment in Go Cong town	76

PROJECT No. 01
THERMO-POWER PLANT (COAL OR GAS)

I. Information about the project proposing agency

Name of agency: Department of Industry and Trade of Tien Giang province
Address: 17 Nam Ky Khoi Nghia Street, Ward 4, My Tho City, Tien Giang province
Tel. 073. 3882891
Fax: 073. 3882201
Email: sct@tiengiang.gov.vn
Website:
Contact person: Mr. Dang Thanh Liem
Position: Director

II. INFORMATION ON PROPOSED PROJECT

Project No: 05/2009/TG

Sector: industry

1.	Name	Thermo-power plant (coal or gas)	
2.	Objective	Enhancing capacity of power supply, better meeting power demand for production and domestic use	
3.	Investment form:	Invest in BOO form	
4.	Scale:	<i>Total estimated investment capital: 30,000 billion VND</i> (If using Chinese equipment and machinery, total estimated investment capital is less than 10%)	
		<i>Area</i>	100 ha
		<i>Capacity</i>	2 x 600MW
		<i>Labor</i>	400
5.	Project life and Implementation schedule:	50 years Duration of construction is from 3-4 years (not including the time for building the project feasibility study)	
6.	Background	Based on power supply and grid development plan; power demand in the region and plan of the national power system development.	
7.	Location	Go Cong Dong or Tan Phuoc district	
8.	Infrastructure		
	Land	- Type of land required: industrial land - Existing land: agricultural and forestry land.	

	Transport:	- In Go Cong Dong district: primarily by waterway through Soai Rap River. Roads leading to the Eastern economic zone along Soai Rap River are under the process of feasibility study. - In Tan Phuoc district: primarily by waterway through Nguyen Van Tiep canal; by road: through provincial road 865, freeway and National Road No.1 ...	
	Communication	Good network	
	Power source	Available for project	
	Water supply	- In Go Cong Dong district: water is supplied by the BOO Dong Tam factory - Fresh water needed for the project is about 10,000 m³/day In Tan Phuoc district: water is supplied through water wells.	
	Waste water treatment system	Not yet	
9.	Market	Vietnam Power Corporation.	
10	Inputs for project are available in domestic market	Raw materials: coal imported from Indonesia or Australia with calorific value index of coal of 5,700kcal/kg, sift price of 90 USD per ton (domestic coal is cheaper, but its calorific value index is low and difficult to meet demand). Gas: available in the country	
10.	Labor	Mostly in the area	
11.	Preferential	Complying with current regulations.	
12	Social effects	To meet increasingly using power demand in the process of industrialization and modernization of the country.	
13.	Procedure for issuing Investment Certificate	<i>Type of project:</i>	Registration ☐ Appraisal ☒
		<i>Requirement on environment protection:</i>	- Environment impact assessment report: yes
		<i>Agency receiving project application</i>	Department of Planning and Investment of Tien Giang Province
		<i>Licensing</i>	15 working days after receiving the complete dossier as required
		<i>Investment Certificate Issuing agency:</i>	People's Committee of Tien Giang province

PROJECT - 02
INFRASTRUCTURE DEVELOPMENT OF TAN PHUOC 2
INDUSTRIAL PARK

I/ Information about the authorized agency

Name	The Management Board of industrial Parks of Tien Giang province
Address	27 Nam Ky Khoi Nghia street, ward 4, My Tho city, Tien Giang province.
Phone	073.3250406.
Fax	073.3871808.
Email	<u>nguyenxuantruongtiza@yahoo.com</u>
Contact	Mr Nguyen Xuan Truong (cell phone: 0903613500)
Position	Deputy Director of the Management Board of Industrial Parks of Tien Giang province

II. Information about the project:

Project number: 08/2009/TG

Sector: Industry

1	Name	Development of infrastructure facilities of Tan Phuoc 2 Industrial Park
2	Objectives	Investment in industrial park to develop the local industry
3	Background	- Decision of the Prime Minister on approving the master plan of socio-economic development in Tien Giang province in 2020
4	Investment form	Domestic or foreign investment
5	Scale	Total area of about 300 ha
6	Project life	50 years
7	Total expected investment capital	1,260 billion VND
8	Location	Tan Phuoc commune, Tan Phuoc district, Tien Giang province.
9	Infrastructure	- Project land status: agricultural land; still not clearance and compensation yet - Traffic infrastructure: motorbikes, vehicles, and trucks... - Power supply: National power grid
10	Labor	Being able to recruit from vocational centers, job promotion centers in the province; universities, colleges and vocational schools in the neighboring

		provinces.
11	Social effects	- Creating jobs for about 120,000 local and surrounding area workers, contributing to the state budget; - Boosting development of services sector in the IP; - Applying modern equipment in production and developing management skills and knowledge from developed countries, ensuring sustainable development; - Environmental protection.
12	Preferential	- Project included in the list of projects with additional conditions; - Enjoying incentives due to investment in extremely difficult area; - Enjoying preferential policies of the government and province under current regulations
13	Procedures for issuing investment certificate	- Project under category: appraised to grant the Certificate of Investment - Requirements for environmental protection: Making an assessment report on environmental impact - Contact agency: The Management Board of Industrial Park of Tien Giang province - Licensing duration: 15 working days after receiving complete dossier as required.

PROJECT No. 03
THERMO-POWER PLANT
(USING RICE HUSK MATERIAL)

I. INFORMATION ON AGENCY PROPOSING PROJECT

Name of Institution: Department of Industry and Trade of Tien Giang province
Address: 17 Nam Ky Khoi Nghia Street, Ward 4, My Tho City, Tien Giang province
Tel. 073. 3882891
Fax: 073. 3882201
Email: sct@tiengiang.gov.vn
Website:
Contact person: Mr. Dang Thanh Liem
Position: Director

II. INFORMATION ON PROPOSED PROJECT

Project No: 09/2009/TG

Sector: industry

1.	Name	Thermo-power plant (using rice husk material)	
2.	Objective	Reducing greenhouse emissions and meeting power demand for production and domestic use	
3.	Investment form:	100% investor's capital	
4.	Project scale:	<i>Proposed investment capital:</i> VND 306 billion	
		<i>Area to be used</i>	25-30 ha
		<i>Capacity:</i>	04-10 MW
5.	Project life	49 years	
6.	Background	Enhancing power supply, grid development plan, meeting power demand in the region and plan of the national electricity system development.	
7.	Location	My Loi hamlet, Thanh My Commune, Tan Phuoc district	
8.	Infrastructure		
	Ground	Agricultural land	
	Transport	Convenient for transportation by road and waterway with provincial roads 865, 867 and Nguyen Van Tiep and Nguyen Tan Thanh canals	
	Communication	Good	

	Power source	- Electricity prices: under the regulations of the electricity industry; - Price of electricity for production: + In normal hour: 1,000 VND/kwh + In rush hour: 2,000 VND/kwh - Price of electricity for domestic use: based on Circular 05/2009/TT-BTC dated on February 26 th , 2009 + The first 50 KW: 600 VND/KW, - Ensuring stable power supply for the project from the national power grid		
	Water supply	- Price of water for production: 4,000 VND/m ³ - Price of water for domestic use: 3,000 VND/m ³		
	Water treatment and drainage	Still not wastewater treatment system yet		
9.	Market	Tien Giang province and surrounding areas.		
10.	Labor	Local and neighboring laborers		
11.	Preferential	Complying with current regulations.		
12.	Procedure for issuing Investment Certificate	<i>Type of project:</i>	Registration ☐	Appraisal ☒
		<i>Requirements on environmental protection:</i>	Making assessment report on environment impact: yes	
		<i>Contact agency</i>	Department of Planning and Investment of Tien Giang Province	
		<i>Licensing</i>	15 working days after receiving complete dossier as required	
		<i>Agency of issuing Investment Certificate</i>	People's Committee of Tien Giang province	

PROJECT – 04

INFRASTRUCTURE DEVELOPMENT OF AN THANH 2 INDUSTRIAL CLUSTER

I. Information about the project proposing agency

Name of agency: Financial and Planning Division of Cai Be district PC
Address: ward 4 – Cai Be town, Cai Be district, Tien Giang province
Phone: 073.2242669 - 073.3824995
Fax: 073.3824364
Email:
Website:
Contact: Mr Vo Thanh Hien
Position: Head

II. Overview of socio-economic situation

Geographical location and advantages	Cai Be district is located in the Western part of the province, 50km far from My Tho city. It is one of the largest rice growing and fruit plantation areas of the province; 22km of National Road 1A crossing the district; My Thuan bridge connecting 2 banks of Tien river has created favorable conditions for transportation by road and waterways, goods exchanges and tourism development.
Some macroeconomic targets in recent years	- Income per capita in 2010: VND 15.76 million (985 USD), twice bigger than in 2005 - Economic structure: Agriculture – forestry- fisheries: 44.26%; Industry and construction: 25.02%; Trade and services: 30.72%

III. Information about project

Project number: 10/2009/TG

Sector: Industry

1.	Name of project	Building infrastructure facilities of An Thanh 2 industrial cluster	
2.	Objectives	Attracting investment to develop local industry, utilizing local materials, contributing to change the economic and labor structure of the district	
3.	Investment form	BOT.	
4.	Scale	<i>Total estimated investment capital: 275 billion VND</i>	
5.	Project life and project	2009	- Setting up project feasibility study - Clearance and compensation

	development plan	2010	- Leveling and building road in the resettlement area - Building road bed leading to the National Reserve Department and An Thanh 1 industrial cluster.
		2011	- Investing water supply and drainage systems, power supply system and roads leading to the National Reserve Department and An Thanh 1 industrial cluster
		2012-2015	- Investment in the remaining items of the project
6.	Background	- The master plan of socio-economic development of Cai Be district in 2020 - Report on land using plan of Cai Be district from 2010-2020 - The plan of industrial development of Tien Giang province in 2010	
7.	Location	- Area: 35.8 ha in Dong Hoa Hiep commune. - Connection to the surrounding area: convenient for transportation by waterways and road; attaching to big economic centers in the area such as: 115 km far from Ho Chi Minh city; 50 km far from My Tho city; 0.5 km far from Ba Dac market, 2 km far from Cai Be town and 60 km far from Can Tho city. Bording Thong Luu river flowing to Tien river, located 103 m far from National Road 1A.	
8.	Infrastructure: a/ Traffic: b/ Water supply and drainage: c/ Power supply: d/ Project land status:	Only pathway alongside Thong Luu river and some garden path, crossing village. It's convenient for waterway transportation and developing irrigation system in the region. Water supplied from canals, Thong Luu river and rural water supply systems using deeply drilled wells to supply water for IC. (Current price for An Thanh Industrial Cluster: 3,000 VND/m ³) National power grid. Mainly agricultural land and residential and industrial land	
	Waste/ wastewater treatment system	Not yet	
9.	Market and supported	Available supported services for production business, domestic consumption and export.	

	products and services			
10.	Inputs	- Available material supply - Low transportation cost thanks to waterway and road transportation network		
11.	Labor	Experienced and skillful labors from the project area and surrounding areas such as Cau Xeo, Dong Hoa Hiep, An Cu and Cai Be town.		
12.	Preferential	Enjoying preferential policies under current regulations of People's Committee of Tien Giang province		
13.	Social effects	Promoting development of local industry and other services, creating jobs and contributing to local economic development		
14.	Vietnam's partner, investor	Domestic enterprises		
15.	Procedures for investment certificate issue	Type of project	Registration for issuing investment certificate ☐	Appraising for issuing investment certificate ☒
		Requirements for environmental protection	Making assessment report on environmental impacts	
		Contact agency	Department of Planning and Investment of Tien Giang People's Committee	
		Licensing	15 working days after receiving complete dossier as required	
		Investment Certificate Issuing agency	People's Committee of Tien Giang province	

PROJECT - 05

INFRASTRUCTURE DEVELOPMENT OF LONG TRUNG INDUSTRIAL CLUSTER

I. Information about the project proposing Agency

Name of agency: People' s Committee of Cai Lay district
Address: 30/4 street, ward 2–Cai Lay town, Cai Lay district
Phone: (0733) 826418
Fax: (0733) 829079
Email: ubndcailay@tiengiang.gov.vn
Contact: Mr Le Van Be Hai
Position: Vice-chairman of People' s Committee of Cai Lay district

II. Overview of socio-economic situation

Geographical location and advantages	- Cai Lay district is an important exchanging point between the region and western districts of Tien Giang province. It plays an important role in the economic development of the province, point of cultural and economic exchanges with 3 provinces: Dong Thap - Long An - Tien Giang. - Road network: National road 1A and provincial roads 868, 868B, 874, 874B, 865, 864, 875 - Waterway network: Tien river and its branches as Ba Rai river and connected canal system.
Some macroeconomic targets in recent years	- Economic growth rate (10.5%). - Income per capita: 9.5 million VND - Industry and construction growth: 11.43% - Economic structure: Industry – construction: 27.83%, agriculture, forestry and fisheries: 42.64%, trade and services: 29.53%.
Labor	Labor source: 16,492 persons. In which, trained laborers: 6,374, including master: 16; university graduate: 1,657; college graduate: 1,184; technical training school graduate: 2,706 and vocational school graduate: 811. Training institutions: vocational school in Cai Lay and Cai Lay economic & technological training school

III. The project information

Project number: 11/2009/TG

Sector: Industry

1.	Name of the	The infrastructure of industrial Long Trung cluster
----	-------------	---

	project		
2.	Objectives	Attracting businesses' investment into industrial cluster in order to exchange economic and labor structure of the district	
3.	Investment form	BT	
4.	Scale	Total estimated investment capital: 120 billion VND	
		Area of used land: 50 ha	estimated use
5.	Project duration, plan of deploying project	2010-2011	
6.	Backgrounds for building the project	The plan of industrial development of Tien Giang province in 2020	
7.	Location	Along Tien River, attached to fruit markets, 11 km from far from National Road 1A, 18 km far from freeway and 12 km far from My Tho port.	
8.	Infrastructure		
	Land	- Land type: Agriculture - Status: Not clearance yet - Construction standard: Industrial cluster	
	Traffic network	- Mainly by roads and waterways - Freight costs (USD) + By road: 1 ton / km + By airplane: 1 kg + By ship: Container 20 feet ... to Europe, China, Japan, USA ...	
	Communication	Available by internet, phone	
	Power supply		- Price of electricity for industrial production: + Normal hours: 1,000 VND/KW + Rush hours: 2,000 VND/KW - Price of electricity for domestic use: escalated price with starting price of VND 600 VND/KW for first 50 KW
	Water supply		- Price of water for production VND 4,500/m3. - Price of water for domestic use: VND 2,500/m3
	The waste/water treatment system	- Transportation costs to the waste treatment plant in Tan Thanh commune of Tan Phuoc district (if unloading at Binh Phu commune rubbish dump. located approximately 17 km far with the estimated treating costs of 150,000 VND/ton), transportation distance – 48 km - Wastewater treatment system in the industrial cluster was built by investors complying with regulations.	

9.	Market and services	Local market and surrounding areas		
10.	Inputs			
11.	Labor	Supplied from Vocational schools and local laborers		
12.	Preferential	Enjoying preferential by regulations of People's Committee of Tien Giang province		
13.	Social effects	Creating favorable conditions for local industry development and promoting the process of changing the economic and labor structure positively.		
14.	Vietnamese partner, investor of the project			
15.	Procedures for investment certificate issue	Type of project	Registration for issuing investment certification ☐	Appraising for issuing investment certificate ☒
		Requirements for environmental protection	Making assessment report on environmental impacts	
		Contact agency	Department of Planning and Investment of Tien Giang province	
		Licensing	15 working days, after receiving complete dossier as required	
		Investment Certificate Issuing Agency	People's Committee of Tien Giang province	

PROJECT-06
INFRASTRUCTURE DEVELOPMENT OF BINH NINH INDUSTRIAL CLUSTER

I. Information about the authorized agency

Name	People's Committee of Cho Gao district, Tien Giang province
Address	ward 1, Cho Gao town, Cho Gao district, Tien Giang province
Phone	073-3835593
Fax	073-3835593
Email	
Contact	Mr Bui Van Thanh
Position	Vice-chairman

II/ Overview of socio-economic situation

Geographical location and advantages	Cho Gao district is located along the National Road 50 as the important road of the sub-region, connecting My Tho city with Go Cong town as two big cities of the province. The district also extends along the national waterway, Cho Gao cannal, linking Ho Chi Minh city with Mekong River Delta provinces, creating favorable conditions for doing exchanges with many regions in the country.
Some macroeconomic targets in recent years	- Economic growth from 9.2% to 10.2% per year - Income per capita in 2008: VND 7.2 million - The growth rate of industry and construction sector: 12.7%/year - The economic structure: agriculture, forestry and fisheries: 74.8%, industry and construction: 12.1%; Trade and services: 13.1%/year
Human recourses	- Labor: Number of trained workers occupied for 47.4%, in which workers having a degree/certificate: 11.7%; technical training schools: 16.8%, college and university graduates: 4.4%; number of unemployed people: 3%. - Training institutions: district technical training centers, vocational school is expected to build in 2010.

III/ Information about the project

Project number: 12/2009/TG

Sector: Industry

1	Name	Building infrastructure facilities of Binh Ninh industrial cluster
2	Objectives	Attracting investment to develop local industry, contributing to change the district economic structure in

		the orientation of increasing the proportion of industry and services		
3	Background	The master plan of socio-economic development of Cho Gao district in 2020 and the industrial development plan of Tien Giang province		
4	Investment form	BO		
5	Scale	Area: 146,570m ²		
6	Total investment	47 billion VND		
7	Project implementation time	2010-2015.		
8	Location	At Binh Ninh commune, bordered by Cho Gao town, suitable for attracting labor and goods consumption, optimizing available infrastructure facilities and services of the district and neighboring areas		
9	Infrastructure	- In the North the industrial cluster is adjacent to National Road 50 as an important road connecting industrial cluster with Ho Chi Minh City and Southwestern part of province and other localities in the province. - In the South the industrial cluster is adjacent to Tieu estuary, which is favorable for waterway transportation. - There are not many residents, houses and architectural works in the area. Land is mainly used for agriculture production (94%), ready for clearance and compensation. - Water supply: water supply from Cho Gao town - Power source: from 22KV line extending along the provincial road 877 which is located 840m far from the industrial luster - Communication: Good - It is expected to separate wastewater drainage system from the rainwater drainage system. The wastewater drainage line will be installed alongside dykes to protect the Cua Tieu river		
10	Social effects	Development of local industry, promoting the process of transfer the economic and labor structure positively		
11	Preferential	Enjoying preferential under current regulations of People's Committee of Tien Giang province		
12	Procedures for issuing investment certificate	Type of project	Registration for issuing investment certification ☐	Appraising for issuing investment certificate ☒
		Requirements	Making assessment report on	

		for environmental protection	environmental impacts
		Contact agency	Department of Planning and Investment of Tien Giang province
		Licensing	15 working days, after receiving valid dossiers
		Investment Certificate Issuing Agency	People's Committee of Tien Giang province

PROJECT - 07
SOAI RAP PORT AND INDUSTRIAL CLUSTER

I/ Information about the authorized agency

Name	The Management Board of Industrial Parks of Tien Giang province
Address	27 Nam Ky Khoi Nghia street, ward 4, My Tho city, Tien Giang province
Phone	073.3250406
Fax	073.3871808
Email	nguyenxuantruongtiza@yahoo.com
Contact	Mr Nguyen Xuan Truong (cell phone : 0903613500)
Position	Deputy Director of the Management Board of Industrial Parks of Tien Giang province

II. Overview of the local socio-economic situation

Some macroeconomic targets in recent years	- Economic growth: 12.64% - Income per capita: 804 USD - The growth of industry - construction: 12.03% - The economic structure: industry – construction: 22.7%, agriculture, forestry and fisheries: 15.97%, services: 61.33% - Total export turnover: 199.877USD
---	--

III/ Information about the project

Project number: 02/2009/TG

Sector: Industry

1	Name	Soai Rap Port and industrial cluster
2	Objectives	Developing port services and industry
3	Background	The master plan of socio-economic development of Tien Giang province in 2020
4	Investment form	100% domestic investment
5	Scale	Area: 500 ha
6	Total investment	VDN 27.000 billion
7	Project life	50 years
8	Location	Vam Lang commune, Go Cong Dong district

9	Infrastructure	- Good traffic system attached to National Road 50 - Good communication network - Price of electricity for production under 6kv + Normal hours: 0.054 USD/kwh. + Rush hours: 0.11 USD/kwh - Price of electricity for production: 22KV -> under 110 KV + Normal hours: 0.049/kwh + Rush hours: 0.10 USD/kwh - Price of electricity for domestic uses: the first 50 kwh (0.03 USD/kwh), the next 50 kwh (0.049/kwh), ect - Price of water for production: 0.253 USD/m3. - Price of water for domestic uses: 0.168 USD/m3. - Rubbish dump in Long Chanh commune with an area of 5 ha - Waste collection cost applied for big establishments: 67.416 USD/month		
10	Social effects	Creating jobs for local laborers and surrounding areas, promoting the development of service sector		
11	Preferential	Enjoying preferential policies under current regulations of People's Committee of Tien Giang province		
12	Procedures for issuing investment certificate	Type of project	Registering project for issuing investment certification ☐	Appraising project for issuing investment certificate ☒
		Requirements for environmental protection	Making assessment report on environmental impacts	
		Contact agency	Department of Planning and Investment of Tien Giang province	
		Licensing duration	15 working days, after receiving the complete dossier as required	
		Issuing Agency	People's Committee of Tien Giang province	

PROJECT - 08
GIA THUAN PORT AND INDUSTRIAL CLUSTER

I/ Information about the authorized agency

Name	The Management Board of Industrial Parks of Tien Giang province
Address	27 Nam Ky Khoi Nghia street, ward 4, My Tho city, Tien Giang province
Phone	073.3250406
Fax	073.3871808
Email	nguyensexuantruongtiza@yahoo.com
Contact	Mr Nguyen Xuan Truong (cell phone: 0903613500)
Position	Deputy Director of the Management Board of Industrial Parks of Tien Giang province

II. Overview of the local socio-economic situation

Some macroeconomic targets in recent years	- Economic growth: 12.64% - Income per capita: 804 USD - The growth of industry - construction: 12.03% - The economic structure: industry – construction: 22.7%, agriculture, forestry and fisheries: 15.97%, services: 61.33% - Total export turnover: 199.877USD
---	--

III/ Information about the project

Project number: 03/2009/TG

Sector: Industry

1	Name	Gia Thuan Port and industrial cluster
2	Objectives	Developing port services and various industries as petrochemicals, mechanics, light industry and manufacturing household appliances...
3	Background	The master plan of socio-economic development of Tien Giang province in 2020
4	Investment form	100% domestic investment
5	Scale	Area: 600 ha
6	Total investment	VND10,000 billion
7	Project life	50 years
8	Location	Gia Thuan commune, Go Cong Dong district
9	Infrastructure	- Good traffic system attached to National Road 50

		- Good communication network - Price of electricity for production: under 6kv + Normal hours: 0.054 USD/kwh. + Rush hours: 0.11 USD/kwh - Price of electricity for production 22KV -> under 110 KV + Normal hours: 0.049/kwh + Rush - hours: 0.10 USD/kwh - Price of electricity for domestic use: the first 50 kwh (0.03 USD/kwh), the next 50 kwh (0.049/kwh), ect - Price of water for production: 0.253 USD/m3. - Price of water for domestic uses: 0.168 USD/m3. - Rubbish dump in Long Chanh commune with an area of 5 ha - Waste collection cost applied for big establishments: 67.416 USD/month		
10	Social effects	Creating jobs for local laborers and surrounding areas, promoting development of services sector		
11	Preferential	Enjoying preferential policies under current regulations of People's Committee of Tien Giang province		
12	Procedures for issuing investment certificate	Type of project	Registering for issuing investment certification ☐	Appraising project for issuing investment certificate ☒
		Requirements for environmental protection	Making assessment report on environmental impacts	
		Contact agency	Department of Planning and Investment of Tien Giang province	
		Licensing duration	15 working days, after receiving the complete dossier as required	
		Issuing Agency	People's Committee of Tien Giang province	

PROJECT - 09
URBAN AREA IN WARD 10, MY THO CITY

I. Information about the authorized agency

Name of agency	People's Committee of My Tho city
Address	36 Hung Vuong street, ward 7, My Tho city
Phone	(073) - 3.872.141
Fax	(073) – 3.882.242
Email	mytho@tiengiang.gov.vn
Contact	Mr Mai Thanh Minh
Position	Vice- chairman

II. The overview of the locality

Geographical location and advantages	My Tho City is a typed-II city of Tien Giang Province, located in the northern lower section of Tien river, transportation systems, roads and waterways, are favorable for the development of the industry, economy, trade, and tourism. There are 17 administrative divisions including 11 wards and 6 communes with a total natural area of 81.5 km ² , in which 9.17 km ² is urban area. Population is 215,000 people.
Some macroeconomic targets in recent years	- Economic growth in 2008: 13.34% - Income per capita per year: 1,368 USD - The growth of industry - construction: 17.99% - The economic structure: Industry - construction (54.52%); agriculture - forestry - fishery (8.66%), and services (36.92%)
Human recourses	Training institutions: The university: 01; Intermediate Schools: 01; Vocational Schools: 03

II. Information about the project

Project number: 13/2009/TG

Sector : Urban and residential area

1	Name of the project	Urban area in ward 10, My Tho city
2	Objectives	To construct a high quality residential area, contributing to urban improvement and embellishment
3	Backgrounds for building the project	- The master plan of My Tho city - Investment project
4	Investment form	BO
5	Scale	Total area: 150 ha
6	Total investment	Estimated invest: 4.000 billion VND

7	Project duration	Implemented in 5 years		
8	Location	Ward 10, My Tho city, Tien Giang province		
9	The infrastructure	- The status of land: including residential land, agricultural land, gardening land, ditches and canals - Traffic infrastructure: convenient means of transportation - Power supply for the project from the national grid, ensuring an adequate and stable supply.		
10	Labor supply ability for the project	Recruitment of human resources from vocational centers, employment promotion centers, universities, colleges and technical secondary schools in the province and the neighboring provinces.

12	Conditions or preferential policies for investment	Implementing preferential policies under current regulations of People's Committee of Tien Giang province		
13	Procedures for issuing investment certificate	Type of project	Registering to be issued investment certification ☐	Verified project to be issued investment certificate ☒
		Requirements for environmental protection	- Waste: Organizing the collection, classification and use of specialized vehicles carrying to the district's concentrating rubbish dump for treatment. - Environmental sanitation: Wastewater treated by standardised septic tank systems.	
		Dossier-receiving Agency	Department of Planning and Investment of Tien Giang province	
		Licensing duration	15 working days, after receiving valid dossiers	
		Issuing Agency	People's Committee of Tien Giang province	

PROJECT – 17 HANG DUONG ECO-TOURISM AREA

I. Information about the project proposing agency

- Name: People's Committee of Go Cong Dong district
- Address: 02. Nguyen Van Con – Tan Hoa town – Go Cong Dong district
– Tien Giang province
- Phone : 0733846118 (DPC's office) – 0733846166 (office of financial-planning of district)
- Fax :
- Email :
- Website :
- Contact : Mr Le Van Nghia
- Position: Chairman of People's Committee of district

II/ The overview of the locality

Geographical location and advantages	- Go Cong Dong is in the northeast of the province, with a natural area of 26,768.16 hectares. The population in 2008 was 146,480. It is the only district bordering the sea with 32km in length, having three large estuaries towards the east sea, bordering Can Gio district of Ho Chi Minh City through Soai Rap estuary. - The administrative center of the district is away 41km from My Tho City and 58km from Ho Chi Minh city. It's convenient to transport by waterway, provincial roads, district roads and fairly perfect inner road system. - The district bordering Ho Chi Minh city, coastal provinces from Ben Tre to Ca Mau and Hiep Phuoc Industrial Park of Ho Chi Minh city, industrial zones: Ben Luc, Can Duoc of Long An province creates a new industrial belt of the southern key economic area.
Some macroeconomic targets in recent years	- Economic growth in 2008 reached 10.5%, in 2009 estimated at 11.9%, in which, industry - construction in 2009 estimated at 18% compared to 2008. - Income per capita in 2008 reached 627 USD, in 2009 is estimated at 708 USD. - Economic structure in 2009: Industry – construction: 12.2%, agriculture, forestry and fisheries: 54.2%, services: 33.6%.
Human resources	A. Total number of employees in 2008: 88,745 people Working in the economic sectors: 83,747 people In which: + Trained laborers: 25,233 people, divided into: - Graduated technical workers: 1,924 people - Trained technical workers: 19,693 people - Technical secondary workers: 2,460 people

	- College and university graduates: 1,146 people. B. Training institutions: - Center for vocational training and guidance of Go Cong Dong district. - Center for vocational training and guidance in Go Cong area C. Salary (USD/month) + Managers: 176-180 USD/month + Technician, engineer: 167-170 USD/month + Office Staff: 111-115 USD/month + Laborer: 90-95 USD/month + Minimum wage: 60 – 65 USD
--	--

III. Information about the project

Project number: 20/2009/TG

Sector: Tourism

1. Name of project	Hang Duong ecotourism quarter
2. Objectives	Exploring featured landscapes, restoring the coastal mangrove forest, building eco-resort combined with the local gardening economy
3. Investment form	100% enterprise investment
4. Project scale	Total estimated investment capital: 100 billion VND
Area of used land	66 ha
Power / output / Description	3,700 tourists/day
Labor demand	250-300 people
5. Project duration (year), project deploying plan	50 years , deployed from 2010 to 2012
6. Backgrounds for building the project	- The development plan of tourism sector of Tien Giang province in the period 2006-2010 and oriented in 2020 - Decision of People's Committee of Tien Giang province on approving the detailed plan for construction Tan Thanh-Hang Duong marine eco-tourism quarter - Projects of the detailed plan to be built with the rate of 1/ 2000 for Tan Thanh-Hang Duong marine eco-tourism quarter - The priority list in promoting investment of the master plan of the socio-economic development of the district in 2020

	- In phase 1 implementing 14 ha
7. Location	Hang Duong tourist area - Tan Thanh commune- Go Cong Dong district, away 7km from Tan Hoa town, 15km from Go Cong town, 50 km from My Tho city and 71 km from Ho Chi Minh city.
8. The infrastructure	
Land	- Type of land: Including tenure land, agricultural land, transport land, specialized land, after completion of clearance, project land changes into non-agricultural productive land - Construction standard: satisfying the detailed plan for construction of Tan Thanh marine eco-tourism area approved
Infrastructure	- The status of transport: attached to district road 862, national highway 50, local transport are mainly asphalt roads; ground roads. - The status of transport: mainly 2-4 wheel vehicles. Existing passenger transportation line of Tan Thanh - Ho Chi Minh - The project will perfectly construct internal roads including 2 main asphalt concrete roads and internal cement concrete roads.
Means of communications	In the coverage of common mobile phone network, post office and mass media can ensure the communications, and internet connection.
Power supply	Supplied by 110/15 KVA station in Go Cong area - Price of electricity: in general price
Water supply	- The status of use: water source supplied by centralized water supply in Tan Thanh commune with price: 0.16 USD/m3. - Completed project will connect with the water supply pipeline from My Tho City to Tan Thanh completed in 2010
Waste/ wastewater treatment system	- Household wastes are collected to a common area, then management team of the public interest work transports to the rubbish dump of the district. - Not wastewater treatment system yet. - Building the system of rainwater drainage combined with internal roads, and the disintegrated local wastewater treatment station before flowing to channels.

		Issuing Agency	People's Committee of Tien Giang province	

PROJECT-19
CON NGANG ECO-TOURISM AREA

I. Information about the project proposing agency

1. People's Committee of Tan Phu Dong district - Tien Giang province
Address: Phu Tan commune – Tan Phu Dong district
Contact: Mr. Le Ngoc Nam
Position: Vice-chairman
Phone: 0919070770
Fax: 073. 3530880
Email: tanphudong@tiengiang.gov.vn
2. Kinh Thanh joint-stock commercial Company in Ho Chi Minh city
Address: Tan Binh district, Ho Chi Minh city
Contact: Mr. Nguyen Hoang Tuan
Position: Director

II. Overview of local socio-economic situation

Geographical location and advantages	- Being 10km far from National Road 50 and 60 km far from Ho Chi Minh city (by road)
Some macroeconomic targets in recent years	- Economic growth: 8% - Income per capita 575 USD - Growth of Industry – construction: 12% - Economic structure: Industry – construction: 7%, agriculture, forestry and fisheries: 75%, services: 18%

III. Information about the project

Project Number: 04/2009/TG

Sector: Tourism

1.	Name	Con Ngang eco-tourism area
2.	Objectives	Developing potentials of eco-tourism area, resorts, and entertainment services
3.	Investment form	BO investment
4.	Project scale	<i>Total capital of estimated investment: VND1,000 billion. Land area: 150 ha in Con Ngang area.</i>
5.	Project life	50 years, the project will be put into operation from 2010-2015

6.	Location	- Con Ngang area is in Phu Tan commune, Tan Phu Dong district, Tien Giang province, between Dai and Tieu estuaries of Mekong River - Being 20km far from Go Cong town, 55km far from My Tho city	
7.	Infrastructure	- Project land status: available and free - Suitable for transportation by road and waterways	
8.	Labors	Labors from local and neighboring areas	
9.	Preferential	Enjoying preferential policies under current regulations of People's Committee of Tien Giang province	
10.	Social effects	Promoting development of tourism services contributing to changing structure of local economy and labor	
11.	Procedures for issuing investment certificate	Type of project	Appraising project for issuing investment certification ☐
		Requirements for environmental protection	Making assessment report on environmental impacts
		Contact agency	Department of Planning and Investment of Tien Giang province
		Licensing duration	15 working days, after receiving the complete dossier as required
		Issuing Agency	Peolple's Committee of Tien Giang province

PROJECT-20 SHOPPING CENTER IN VINH KIM TOWN

I. Information about the project proposing agency

Name: People's Committee of Chau Thanh district
Address: Ca commune, Tan Hiep town
Phone: 073.3831922
Fax: 073.3831922
Email:
Website:
Contact: Mr Pham Anh Tuan
Position: Chairman of People's Committee of Chau Thanh district

II. The overview of the locality

Chau Thanh is a peripheral district of Tien Giang province. District center is Tan Hiep town, away 12km from My Tho city, 13km from Tan An city, and 61km from Ho Chi Minh city.

-Economic growth: 11.49%

-Income per capita: 16 million VND

- The growth of industry - construction: 14.95%

- The economic structure: Industry - construction (35.4%); agriculture, forestry and fisheries (35.5%), and services (29%).

Training institutions: There is a university.

III. Project information

Project number: 22/2009/TG

Sector: Commerce

1. Name of project	The urban commercial service quarter in Vinh Kim town
2. Objectives	To develop commerce and services associated with new town formation
3. Investment form	100% direct investment (domestic or foreign)
4. Project scale	<i>Total estimated investment capital : 40 billion VND</i>
	<i>Area of used land:: 40 ha</i>
5. Project duration (year), project deploying plan	2010 -2014
6. Backgrounds for building the	Implementing the approved plan of the district's socio-economic development and detailed plan of the center of Vinh

project	Kim town	
7. location	Vinh Kim commune, Chau Thanh district, away 12km from My Tho city, 5km from National Highway 1A, and alongside provincial road 876	
8. The infrastructure		
Land	- Land price in 2009 (VND/m²) - Type of land: tenure land: 3.1-3.9 million VND/m², agricultural land: 181.000 VND/m². - Status: land managed by the military and an expanded part	
Traffic infrastructure	Characteristics: Advantages due to provincial roads near Highway 1A	
Means of communication	Internet, telephone	
Power supply	Convenient supply	Price of electricity for production: + Normal hours(1.000VND/kwh + Rush hours (2.000VND/kwh) Price of electricity for domestic uses (540VND/kwh)
	Power source supplied for the project by the National Grid	
Water supply	Advantage	Price of water for production (4.500VND/m ³) Price of water for domestic uses (3.000VND/m ³)
	Water source supplied for the project by groundwater, surface water, deep-layer drilled wells	
Waste/ wastewater treatment system		
9. Consumer markets of products and services	Domestic markets: - Residents in the new town and surrounding communes. - Enterprises purchasing and selling at the market - Customers visiting star apple region, Vinh Kim specialty of Tien Giang travelling routes	
10. Input for available projects in the domestic market	Businesses and residents would like to invest in production and urban housing	
11. Labor supply ability for the project	Meet the demand of ordinary laborers.	
12. Conditions or preferential policies for investment	Implementing preferential policies under current regulations of People's Committee of Tien Giang province	
13. Social effects of the project	Development of trade and services improving formation of new urban areas, improving people's living conditions and	

	arrange appropriate accommodation of the urban population.
14. Vietnam's partner, investor	People's Committee of Chau Thanh district, Tien Giang province
15. Procedures for issuing investment certificate	Project type: Verified project to be issued investment certificate Requirement for evaluating reports about environmental impacts Dossier-receiving Agency: Department of Planning and Investment of Tien Giang province Licensing duration: 15 days after receiving valid dossiers Issuing Agency: People's Committee of Tien Giang province

PROJECT – 21
